This document has been drawn up pursuant to art. 13 of EU Regulation 2016/679 (hereinafter: "Regulation") in order to allow you to know our privacy policy, to understand how your personal information is managed when you use our site and, where appropriate, to give your consent to the processing of your personal data expressed and aware. The information and data provided by you or otherwise acquired as part of the use of the services available through the site will be processed in compliance with the provisions of the regulation and the confidentiality obligations that inspire the activity of the Owner.

According to the rules of the Regulation, the processing carried out by the Data Controller will be based on the principles of lawfulness, correctness, transparency, purpose limitation and retention, data minimization, accuracy, integrity and confidentiality.

Types of data collected

Among the personal data collected by this Application, independently or through third parties, there are: Cookies, Usage Data, name, surname, email, various types of data and communication data during the use of the service.

Full details of each type of data collected are provided in the dedicated sections of this privacy policy or through specific information texts displayed before the collection of the data. Personal data may be freely provided by the user or, in the case of usage data, collected automatically during the use of this Application.

Unless otherwise specified, all data required by this Application are mandatory. If the User refuses to communicate, it may be impossible for this Application to provide the Service. In cases where this Application indicates some Data as optional, Users are free to refrain from communicating such Data, without this having any consequence on the availability of the Service or on its operation.

Users who have doubts about which data are mandatory, are encouraged to contact the Owner.

Any use of Cookies - or other tracking tools - by this Application or by the owners of third-party services used by this Application, unless otherwise specified, has the purpose of providing the Service requested by the User, in addition to the additional purposes described in this document and in the Cookie Policy, if available.

The User assumes the responsibility of the Personal Data of third parties obtained, published or shared through this Application and guarantees to have the right to communicate or disseminate them, freeing the Owner from any liability to third parties.

How and where the data collected is processed

Mode of treatment

The Data Controller shall take appropriate security measures to prevent unauthorised access, disclosure, modification or destruction of Personal Data.

The processing is carried out using computer and/ or telematic tools, with organizational methods and logic strictly related to the purposes indicated. In addition to the Data Controller, in some cases, other subjects involved in the organization of this Application (administrative,

commercial, marketing, legal, system administrators) or external subjects (such as third party technical service providers, postal couriers) may have access to the Data, hosting providers, IT companies, communication agencies) also appointed, if necessary, as Data Processors by the Data Controller. The updated list of Data Processors may always be requested from the Data Controller.

Legal basis of the processing

The Data Controller processes personal data relating to the user if one of the following conditions exists:

- The User has given consent for one or more specific purposes; Note: in some jurisdictions the Owner may be authorized to process Personal Data without the consent of the User or another of the legal bases specified below, until the User opposes ("opt-out") such processing. However, this is not applicable if the processing of Personal Data is governed by European legislation on the protection of Personal Data;
- the processing is necessary for the execution of a contract with the User and/or the execution of pre-contractual measures;
- the processing is necessary to fulfil a legal obligation to which the Data Controller is subject;
- processing is necessary for the performance of a task in the public interest or for the exercise of official authority vested in the Owner;
- the processing is necessary for the pursuit of the legitimate interest of the Owner or third parties.

It is always possible to ask the Data Controller to clarify the concrete legal basis of each processing and in particular to specify whether the processing is based on the law, provided by a contract necessary to conclude a contract.
