LIG80

Disponibile con luce calda o fredda

Lig80 by Ecolibri

Un parallelepipedo di alluminio pressofuso, trattato anti-intemperie con sorgente led e batteria integrata, diffonde la luce diventando una valida soluzione per luci segnapasso, ottimale per illuminare il passaggio, ma anche per donare piccoli punti luce suggestivi allo spazio circostante.

A die-cast aluminum parallelepiped - treated against sever weather - with LED source and integrated battery, diffuses the light and becomes a valid solution for pathway lights, optimal for illuminating the passage, but also for giving small suggestive points of light to the surrounding space.

Solar panel	5V
Li-ion battery	3.7V 4400mAh
Luminous flux	400lm Max
Illumination time	≥8Hrs(fully charged)
Body Size	26.2*15.8*14.4 cm
Lamp body material	Cast aluminum + plastic + PC
Surface finish	Black
Guarantee	2 years
Color temperature	3000k/4000k/6000k

Raio

Disponibile con luce calda o fredda

Raio By Ecolibri

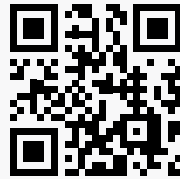

Lampada a parete con sorgente led dalle contenute dimensioni installabile in ogni contesto. Un pannellino solare posizionato sulla parte superiore della lampada consente di catturare i raggi del sole e grazie alla sua batteria integrata garantisce la luce fino ad 8 ore consecutive.

Wall lamp with LED source of small dimensions that can be installed in any context. A solar panel positioned on the top of the lamp allows you to capture the sun's rays and thanks to its integrated battery, it guarantees light for up to 8 consecutive hours.
